INDEPENDENT AUDITOR'S REPORT

Members of the City Council
City of Chickasha, Oklahoma

We have audited the accompanying modified cash basis financial statements of the governmental activities, the business-type activities, each major fund, and aggregate remaining fund information of the City of Chickasha, Oklahoma as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1.B; this includes determining that the modified cash basis of accounting is an acceptable basis for preparation of the financial statements in the circumstances. Management is also responsible for design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Governmental Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Chickasha, Oklahoma, as of June 30, 2014, and the respective changes in modified cash basis financial position, and where applicable cash flows, thereof for the year then ended in accordance with the basis of accounting described in Note 1.C.

Basis of Accounting

We draw your attention to Note 1.C. of the financial statements, which describes the basis of accounting. The financial statements are prepared on a modified cash basis of accounting which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matters

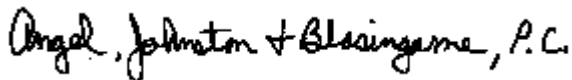

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Chickasha, Oklahoma basic financial statements. The Supplementary Information as listed in the table of contents, are presented for additional analysis and are not a required part of the basic financial statements.

The combining fund financial statements, budgetary comparison schedules and schedule of federal and state awards are the responsibility of management, derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, combining fund financial statements, budgetary comparison schedules and schedule of federal and state awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Governmental Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 3, 2015, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Chickasha, Oklahoma
February 3, 2015

CITY OF CHICKASHA, OKLAHOMA
Reconciliation of Governmental Fund and Government-Wide Financial Statements
Governmental Funds - Modified Cash Basis
June 30, 2014

Reconciliation to Statement of Net Assets:

Fund balances of governmental funds	\$	12,065,607
Amounts reported for governmental activities in the Statement of Net Assets are different because:		
Capital assets used in governmental activities are not financial resources and, therefore are not reported in the funds:		
Capital assets, net of accumulated depreciation		34,213,680
Internal service funds are used by management to charge the costs of certain activities, such as insurance, to individual funds. A portion of the assets and liabilities of the internal service fund is included in governmental activities in the Statement of Net Assets.		
Net assets of the Internal Service Fund		2,488,386
Some liabilities are not due and payable in the current period and, therefore are not reported in the funds:		
Capital lease payable		(877,474)

Net assets of governmental activities	\$	47,890,199

Reconciliation to Statement of Activities:

Net change in fund balances of governmental funds	\$	(3,873,109)
Amounts reported for governmental activities on the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense to allocate those expenditures over the life of the assets:		
Capital asset purchases capitalized in governmental funds		2,418,898
Depreciation expense		(1,635,071)
Capital assets purchased on behalf of business-type activities were transferred to the business-type activity and reported as capital assets.		
Note proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Assets. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets:		
Capital lease principal payments		61,837
Internal service funds are used by management to charge the costs of certain activities, such as insurance, to individual funds. A portion of the assets and liabilities of the internal service fund is included in governmental activities in the Statement of Net Assets.		
Change in net assets of the Internal Service Fund		23,396
Change in net assets of governmental activities	\$	(3,004,049)

See accompanying notes to basic financial statements

NOTES TO THE BASIC FINANCIAL STATEMENTS

CITY OF CHICKASHA, OKLAHOMA
Notes To Basic Financial Statements
For the Year Ended June 30, 2014

Note 1 - Summary of Significant Accounting Policies

1.A. Financial Reporting Entity

The City's financial reporting entity includes the primary government (City of Chickasha), and its blended component units. This report includes all activities for which the City of Chickasha's City Council is fiscally responsible. In determining the financial reporting entity, the City complies with the provisions of Governmental Accounting Standards Board Statement No. 14, "The Financial Reporting Entity" and Statement No. 61 "The Financial Reporting Entity: Omnibus" and includes all component units for which the City is financially accountable.

The City of Chickasha – that operates the public safety, health and welfare, streets and highways, parks and recreation, community development, and administrative activities.

The City of Chickasha is an incorporated municipality with a population of approximately 16,850 located in central Oklahoma. The City is a Council/Manager form of government and operates under a charter that provides for three branches of government:

- Legislative – the City Council is a nine-member governing body elected by the citizens at large
- Executive – the City Manager is the Chief Executive Officer and is appointed by the City Council
- Judicial – the Municipal Judge is a practicing attorney appointed by the City Council

Blended Component Units

Chickasha Municipal Authority - The trust has as its purpose to develop, construct, plan, establish, install, enlarge, improve, maintain, equip, operate, control and regulate utility facilities whether water, sewage or sanitation types of public and municipal services within or without the corporate boundaries of the City of Chickasha, Oklahoma (CMA).

Chickasha Municipal Airport Authority - The trust has as its purpose to operate the municipal airport activities (CMAA).

Chickasha Industrial Authority - The trust has as its purpose to promote and encourage the general economic and social development within the City of Chickasha, Oklahoma (CIA).

Each of these component units is a Public Trust established pursuant to Title 60 of Oklahoma State law. Public Trusts (Authorities) have no taxing power. The Authorities are generally created to finance City services through issuance of revenue bonds or other non-general obligation debt and to enable the City Council to delegate certain functions to the governing body (Trustees) of the Authority. As required by state law, all debt obligations incurred by the above trusts must be approved by two-thirds vote of the City Council. The Authorities generally retain title to assets, which are acquired or constructed with Authority debt, or other Authority generated resources. In addition, the City has leased certain existing assets at the creation for the Authorities to the Trustees on a long-term basis. The City, as beneficiary of the Public Trusts, receives title to any residual assets when a Public Trust is dissolved.

The CMA and the CMAA board of trustees is the same as the City Council composition. The City Council appoints the members of the CIA. Also the City is able to impose its will on the CMA, CMAA and the CIA through required approval of all debt obligations issued by these entities. This is considered sufficient imposition of will to demonstrate financial accountability and to include the trust within the City's financial reporting entity. The public trust does not issue separate annual financial statements.

CITY OF CHICKASHA, OKLAHOMA
Notes To Basic Financial Statements
For the Year Ended June 30, 2014

1.B. Basis of Presentation

Government-Wide Financial Statements - The Statement of Net Position and Statement of Activities report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely, to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements - Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

1.C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Basis of accounting refers to when revenues and expenditures/expenses are recognized and reported in the financial statements. This relates to the timing of the revenues, expenditures/expenses regardless of the measurement focus applied. Measurement focus identifies which transactions and events should be recorded. In the governmental fund financial statements, a current financial resources measurement focus is applied. In the government-wide Statement of Net Position and the Statement of Activities, and the proprietary funds, an economic resources measurement focus is applied.

Both governmental and business-type activities in the government-wide financial statements and the fund financial statements are presented using a modified cash basis of accounting. This modified cash basis of accounting is based on the recording of cash and cash equivalents and changes therein, and only recognizes revenues, expenses, assets and liabilities resulting from cash transactions adjusted for modifications that have substantial support in generally accepted accounting principles. These modifications include adjustments for the following balances arising from cash transactions:

- capital assets and the depreciation of those assets, where applicable
- fair market value of donated capital assets, if any
- long-term debt
- cash-based interfund receivables and payables, if any
- other cash-based receivables/payables
- investments
- utility deposit liabilities

This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. As a result of the use of the modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected, and accrued revenue and receivables) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

CITY OF CHICKASHA, OKLAHOMA
Notes To Basic Financial Statements
For the Year Ended June 30, 2014

If the City used the basis of accounting required by generally accepted accounting principles, the fund financial statements for governmental funds would use the modified accrual basis of accounting and the fund financial statements for proprietary fund types would use the accrual basis of accounting. All government-wide financial statements would be presented on the accrual basis of accounting. Under the modified accrual basis of accounting, revenues would be recognized when susceptible to accrual (i.e. both measurable and available) and expenditures would be recorded when the current liability is incurred. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred.

Program revenues within the statement of activities are derived from each activity or from parties outside the City's taxpayers. The City has the following program revenues in each activity:

- Public Safety: EMS runs, police fines and grants
- Culture, Parks and Recreation: Sport complex revenue, rentals and grants
- Streets: Gas excise tax, commercial vehicle tax
- Cemetery: Lots sales and interment fees
- General Government: Licenses, permits and grants

The City reports the following funds:

Governmental Funds

Major Governmental Funds:

- General Fund - is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Fund:

- EMS Fund – accounts for emergency medical services activities.
- ED-Dedicated Sales Tax Fund – accounts for 7/32 cent sales tax restricted by voters for economic development purposes.

Capital Project Fund:

- Dedicated Sales Tax Fund – accounts for ¾ cent sales tax restricted by voters for renovation, upgrading and expansion of the water, wastewater, street and drainage systems, and parks and recreation.
- Capital Projects Fund – accounts for capital activities not accounted for in other special purpose funds.

Aggregated Non-Major Governmental Funds:

Special Revenue Funds:

- Donations Fund – accounts for donations for specific purposes or projects.
- Tax Increment District – accounts for ad valorem and sales taxes restricted by voters for the reimbursement of developer costs.
- Chickasha Industrial Authority – accounts for hotel/motel tax revenues and related economic development expenses.
- E-911 Fund – accounts for 911 tax and related expenditures to maintain an emergency 911 system.
- Street and Alley Fund – accounts for revenues from state gasoline and vehicle taxes restricted for street projects.

Capital Project Funds:

- Cemetery Care Fund – accounts for 12.5% of cemetery revenues restricted for cemetery capital purposes as required by state law.

CITY OF CHICKASHA, OKLAHOMA
Notes To Basic Financial Statements
For the Year Ended June 30, 2014

Proprietary Funds

Major Enterprise Fund:

- Chickasha Municipal Authority – accounts for the operation of the water, wastewater, sanitation and lake systems. The Water Meter Deposit Fund and the Water Resource Fund for future water service are included with CMA.

Aggregated Non-Major Enterprise Fund:

- Chickasha Municipal Airport Authority – accounts for activities related to operating the City’s municipal airport.

Internal Service Funds:

- Combined Insurance Fund – accounts for property, health, worker’s compensation and liability insurance provided to various funds of the City.
- Compensated Absences Fund – accounts for the reserve of vacation, sick leave, and comp time accruals for city employees.

The City’s policy is to eliminate interfund transfers and balances in the statement of activities and net position to avoid the grossing up of balances. Only the residual balances transferred between governmental and business-type activities are reported as internal transfers and internal balances and then offset in the total column in the government-wide statements. Interfund transfers and balances between funds are not eliminated in the fund financial statements.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, and 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. The principal operating revenues of the City’s enterprise fund are charges to customers for sales and services. Operating expenses for the enterprise fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The Governmental Funds, except for the capital projects funds, are legally required to adopt an annual budget. The Public Trust funds are not required to adopt a legal annual budget. While the trusts develop an annual budget for financial management it does not constitute legal appropriations.

1.D. Assets, Liabilities and Fund Equity

Cash and Cash Equivalents - The City considers all cash in hand, demand deposit accounts, interest bearing checking accounts and time deposit accounts including certificates of deposit with maturities of three months or less to be cash and cash equivalents. Investments in money market mutual funds held in the trustee accounts are also considered cash equivalents.

Investments - Investments consist of certificate of deposits maturing beyond three months. Investments are reported at cost, which approximates fair value. The City’s investment policy also allows for the purchase of U.S. Government obligations, negotiated certificates of deposits select prime banker acceptances and select prime commercial paper. However, the City is not currently investing in any of these additional investments.

Restricted Assets - Restricted assets include assets that are legally restricted as to their use. The primary restricted assets are related to customer utility deposits and trustee accounts restricted for debt service and capital improvements.

CITY OF CHICKASHA, OKLAHOMA
Notes To Basic Financial Statements
For the Year Ended June 30, 2014

Capital Assets – The accounting treatment of property, plant and equipment (capital assets) depends on whether they are reported in the government-wide or fund financial statements. In the government-wide statements and the proprietary fund financial statements, capital assets are accounted for as capital assets, net of accumulated depreciation where applicable. In governmental fund financial statements, capital assets acquired are accounted for as capital outlay expenditures and not reported as capital assets.

Capital assets consist of land, construction in progress, buildings, improvements, utility property/improvements, machinery and equipment, vehicles, surplus property and infrastructure. Recorded assets are reported at actual or estimated historical cost. A capitalization threshold of \$3,500 is used to report capital assets. Donated capital assets are recorded at estimated fair market value at the date of donation. Estimated historical cost was used to value the majority of the assets, including infrastructure assets (such as roads, bridges, traffic systems) acquired prior to July 1, 2002.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized when projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

The depreciable capital assets are depreciated on a straight-line basis over the assets' estimated useful lives. The range of estimated useful lives by type of asset is as follows:

- Buildings 50 years
- Improvements other than buildings 20-30 years
- Machinery, furniture and equipment 5-24 years
- Vehicles 5-15 years
- Utility property and improvements 15-50 years
- Infrastructure 15-50 years

Due to Depositors - Represents the funds received from customers for their water utility deposits. These deposits are refunded or credited to the customer upon termination of the utility service and payment of all charges due and connected with the service.

Police Bonds - Represents municipal court bonds held for individuals awaiting court dates.

Long-Term Obligations – In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

Compensated Absences – As a result of the use of the modified cash basis of accounting, accrued liabilities related to compensated absences (accumulated but unused vacation leave, eligible sick leave buy out) and compensatory time earned but unpaid at year-end, and any employer-related costs earned and unpaid, are not reflected in the financial statements. Expenditures/expenses related to compensated absences are recorded when paid. The amount of accrued compensated absences has been reported as a commitment in Note 13.

Equity Classifications - In the government-wide and proprietary fund financial statements, equity is classified as net position and displayed in three components:

- a. *Invested in capital assets, net of related debt* – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributed to the acquisition, construction, or improvements of those assets.

CITY OF CHICKASHA, OKLAHOMA
Notes To Basic Financial Statements
For the Year Ended June 30, 2014

- b. *Restricted* – Consists of net position with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- c. *Unrestricted* – All other net positions that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

It is the City’s policy to first use restricted net position prior to the use of unrestricted net position when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

In the governmental fund financial statements fund equity is classified as fund balance. According to GASB Statement 54, fund balance is further classified as follows:

- a. *Nonspendable* – includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.
- b. *Restricted* – consists of fund balance with constraints placed on the use of resources either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments, or (2) law through constitutional provisions or enabling legislation.
- c. *Committed* – includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the City’s highest level of decision-making authority, (i.e. ordinance).
- d. *Assigned* – includes amounts that are constrained by the City’s intent to be used for specific purposes but are neither restricted nor committed. Assignments of fund balance may be made by city council action or management decision when the city council has delegated that authority.
- e. *Unassigned* – represents fund balance that has not been assigned to other funds and has not been restricted, committed, or assigned to specific purposes within the general fund.

It is the City’s policy that the order of spending and availability of the fund balance shall be to reduce funds from the listed areas in the following order: restricted, committed, assigned, and unassigned. Negative amounts shall not be reported for restricted, committed, or assigned funds.

The unassigned fund balance in the General Fund shall maintain a range equal to 15% - 40% of the General Fund expenditures at the end of each fiscal year.

1.E. Use of Estimates

In preparing the City of Chickasha’s financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The primary estimate is related to depreciation of fixed assets.

1.F. Internal and Interfund balances and Transfers

The City’s policy is to eliminate interfund transfers and balances in the statement of activities and net position to avoid the grossing up of balances. Only the residual balances transferred between governmental and business-type activities are reported as internal transfers and internal balances then offset in the total column in the government-wide statements. Internal transfers and balances between funds are not eliminated in the fund financial statements.

2. Sales Tax Revenue

CITY OF CHICKASHA, OKLAHOMA
Notes To Basic Financial Statements
For the Year Ended June 30, 2014

Sales Tax - The City presently levies a 3.969 cent sales tax on taxable sales within the City. The sales tax is collected by the Oklahoma Tax Commission and remitted to the City in the month following receipt by the Tax Commission. The sales tax recorded is allocated two-cents for the General Fund operations, one-cent to the Chickasha Municipal Authority, three-fourth cent (expires 12/31/23) to the Dedicated Sales Tax Fund, and seven-thirty-seconds (expires 6/30/16) to the ED-Dedicated Sales Tax Fund. One-half cent sales tax not restricted by a vote of the citizens has been allocated to the Chickasha Municipal Authority Fund is used to secure debt service payments. The three-fourth cent sales tax allocated to the Dedicated Sales Tax Fund is restricted by voters for the repair, replacement or improvement of the water and sewer system, the repair, replacement or improvement of streets and drainage and can be used to secure related debt service payments. There is still some prior sales tax that is maintained in the Dedicated Sales Tax Fund that was collected from a previous sales tax authorization that can be spent for parks improvement in addition to the allowable uses noted above.

3. Tax Increment Financing District

The qualified voters of the City of Chickasha approved ordinance #2005-17. This ordinance creates a Tax Increment Financing District along the south side of Grand Avenue east and west of 4th street. The ordinance provides that the developer would make and pay for the cost of certain improvements within the District. The developer may be reimbursed for the cost of those improvements plus interest.

Funds used to reimburse the developer would come only from three-fourths of any increase in ad valorem taxes within the District resulting from an increase in assessed valuation of the land within the District and one-half of any increase in the three percent city sales tax derived from the new businesses that locate within the district. The developer reimbursement will continue until terminated upon the earlier of full reimbursement to the developer of the cost of the improvements or November 21, 2020.

4. Deposits and Investments Risk

At June 30, 2014, the reporting entity had the following deposits and investments:

<u>Type of Deposits</u>	<u>Carrying Value</u>
Deposits:	
Demand deposits	\$ 9,658,130
Time Deposits	14,350,000
Money Market Mutual Funds (see below)	<u>9,606,446</u>
Total	<u>\$ 33,614,576</u>
Money Market Mutual Funds:	
BOK-Short-Term Cash Fund I	\$ 9,606,446
	<u>9,606,446</u>
Total	<u>\$ 9,606,446</u>
OMAG escrow	<u>\$ 22,996</u>
<u>Reconciliation to Statement of Net Position</u>	
Cash and cash equivalents	\$ 19,287,572
Investments	<u>14,350,000</u>
	<u>\$ 33,637,572</u>

Custodial Credit Risk - Deposits – Custodial credit risk is the risk that in the event of a bank failure, the City’s deposits may not be returned to it. The City does have a written investment policy for custodial credit risk that requires collateral for all uninsured deposits of municipal funds in financial institutions. As of June

CITY OF CHICKASHA, OKLAHOMA
Notes To Basic Financial Statements
For the Year Ended June 30, 2014

30, 2014, the City was exposed to custodial credit risk as defined above. The money market mutual funds are not insured or guaranteed by the FDIC or any other government agency. The City's money market mutual funds have a Moody's credit rating of AAA and therefore are considered low risk. The other City's accounts were fully collateralized at June 30, 2014, except for the City's E-911 Fund was under collateralized by \$8,709.64.

Investment Credit Risk – The City does have a written investment policy that limits its investment choices according to the limitations stated in the *Oklahoma Statutes* except for #4 that is presented below. *Oklahoma Statutes* allow the City to invest in: (1) full faith and credit, direct obligations of the U. S. Government, its agencies and instrumentalities, and the State of Oklahoma and certain mortgage insured federal debt; (2) certificates of deposits or savings accounts that are either insured or secured with acceptable collateral; (3) negotiable certificates of deposit, prime bankers acceptances, prime commercial paper and repurchase agreements with certain limitations; (4) county, municipal or school district tax supported debt obligations, bond or revenue anticipation notes, money judgments, or bond or revenue anticipation notes of public trusts whose beneficiary is a county, municipality, or school district; and government money market funds regulated by the SEC. Public trusts created under O.S. Title 60, are not subject to the above investment limitations and are primarily governed by any restrictions in their trust or note indenture. The City's money market mutual funds have a Moody's credit rating of AAA and therefore are considered to have a low credit risk.

Investment Interest Rate Risk – The City does have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. Unless matched to a specific cash flow, the City will not directly invest in securities maturing more than one year from the date of purchase. The City's money market mutual funds are available on demand. All certificates of deposit have maturities no later than December 2014.

Concentration of Credit Risk – With the exception of U.S. Treasury securities, no more than 50% of the City of Chickasha's total investment portfolio will be invested in a single financial institution.

5. Restricted Assets

The amounts reported as restricted assets consist of cash and investments held by the trustee bank on behalf of the Chickasha Municipal Authority related to its required revenue bond accounts and amounts due to depositors related to utility deposits. The restricted assets as of June 30, 2014 were as follows:

<u>Type of Restricted Assets</u>	<u>Cash and Cash Equivalents</u>	<u>Investments</u>
Utility Deposits	\$ 160,200	\$ 150,000
Trustee Accounts:		
Series 2004 Construction Fund	1	-
Series 2004 Note Interest Fund	54	-
Series 2005 Construction Fund	1	-
Series 2005 Note Interest Fund	21	-
Series 2014 Construction Fund	9,606,446	-
Total Restricted Assets	<u>\$ 9,766,723</u>	<u>\$ 150,000</u>

7. Long-Term Debt

Governmental Activities - State statutes prohibit the City from incurring any indebtedness or obligations that would require payment from resources beyond the current fiscal year revenue, without first obtaining voter approval. As of June 30, 2014, the long-term debt, arising from cash transactions, payable from governmental fund resources consisted of the following:

Capital Lease Obligations:

\$574,992 Capital lease obligation payable to Chickasha Bank for a ladder truck, payable in semi-annual installments of \$29,958, including principal and interest at 3.99%, final payment due June 30, 2019.	250,151
\$204,906 Capital lease obligation payable to First National Bank for a street sweeper, payable in monthly installments of \$3,723, including principal and interest at 3.50%, final payment due August 15, 2016.	89,512
\$144,376 Capital lease obligation payable to Chickasha Bank for a motor grader, payable in monthly installments of \$2,597, including principal and interest at 3.01%, final payment due January 27, 2017.	76,993
\$401,979 Capital lease obligation payable to Welch State Bank for a pumper, payable in semi-annual installments of \$23,576.61, including principal and interest at 3.39%, final payment due June 15, 2023 .	362,917
\$116,955 Capital lease obligation payable to Chickasha Bank for a PD video, payable in semi-annual installments of \$11,695.54, including principal and interest at 3.75%, final payment due January 27, 2017.	<u>97,901</u>
Total Capital Lease Obligations	<u>\$ 877,474</u>

		<u>\$ 381,308</u>	<u>\$ 113,765</u>

Sales Tax Revenues Pledged

The City has pledged future sales tax revenues to repay \$9.875 million in sales tax revenue notes issued in March, 2014. Proceeds from the 2014 notes provided financing for a public works water/waste system. The notes are payable from future sales tax revenue. The total principal and interest remaining to be paid on the notes are \$11,135,999, payable through March 2024. For the current year, there were no debt service payments.

The following is a summary of changes in long-term debt for the year ended June 30, 2014:

	<u>Balance</u> <u>6/30/13</u>	<u>Additions</u>	<u>Deductions</u>	<u>Balance</u> <u>6/30/14</u>	<u>Amounts</u> <u>Due Within</u> <u>One Year</u>

Street and Alley	128,337
Cemetery Care	<u>26,377</u>
Total	<u>\$ 5,171,016</u>

11. Risk Management

The City and its public trusts are exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employee health and life; and natural disasters. The City manages these various risks of loss as follows:

- General Liability and Fleet Coverage – Covered through participation in Oklahoma Municipal Assurance Group risk entity pool.
- Physical Property, Airport General Liability and Property – Covered through purchase of commercial insurance.
- Fire Department Vehicles – Covered through participation in the Risk Management Division of the Department of Central Services, State of Oklahoma self-insurance pool.
- Workers’ Compensation – Workers’ compensation is covered through participation in the Oklahoma Municipal Assurance Group risk entity pool.
- Employee’s Group Medical - The City elects to operate a self-insured program for employee’s medical insurance. Under the program, the City pays 100% of claims up to \$25,000 per employee. Aggregate stop loss coverage is adjusted monthly based on the number of participants and was \$860,254 at June 30, 2014. Claims liabilities are based on estimates of the ultimate cost of claims that have been reported but not settled, and of claims that have been incurred but not reported.

Changes in the claims liability for the City from July 1, 2009, to June 30, 2014, are as follows:

	<u>Health Care</u>
Claim liability, July 1, 2009	\$ 72,966
Claims and changes in estimates	837,398
Claims payments	<u>(831,657)</u>
Claim liability, July 1, 2010	78,707
Claims and changes in estimates	1,372,749
Claims payments	<u>(1,292,811)</u>
Claim liability, June 30, 2011	158,645
Claims and changes in estimates	975,801
Claims payments	<u>(1,079,966)</u>
Claims liability, June 30, 2012	54,480
Claims and changes in estimates	1,158,093
Claims payments	<u>(852,285)</u>
Claims liability, June 30, 2013	360,288
Claims and changes in estimates	1,260,234
Claims payments	<u>(1,370,016)</u>
Claims liability, June 30, 2014	250,506

CITY OF CHICKASHA, OKLAHOMA
Notes To Basic Financial Statements
For the Year Ended June 30, 2014

Management believes the insurance coverage listed above is sufficient to preclude any significant uninsured losses to the City. Settled claims have not exceeded this insurance coverage in any of the past three fiscal years.

12. Contingencies

Federal and State Award Programs - The City of Chickasha participates in various federal and state grant/loan programs from year to year. Amounts received or receivable from grantor agencies are often subject to audit and adjustment by the grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable fund. The amount, if any, of expenditures which may be disallowed by the grantor agency cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

Litigation - The City is a party to various legal proceedings that normally occur in the course of governmental operations. The financial statements do not include accrual or provision for loss contingencies that may result from these proceedings. State statutes provide for the levy of an ad valorem tax over a three-year period by a City Sinking Fund for the payment of any court-assessed judgment rendered against the City. This provision is not applicable to authorities or public trusts. While the outcome of the above noted proceedings cannot be predicted, due to the insurance coverage maintained by the City and the State statute relating to judgments, the City feels that any settlement or judgment not covered by insurance would not have a material adverse effect on the financial condition of the City.

13. Commitments

Compensated Absences – As a result of the City’s use of the modified cash basis of accounting, accrued liabilities related to compensated absences (accumulated but unused vacation leave, eligible sick leave by out and compensatory time earned but unpaid at year-end, and any employer-related costs earned and unpaid) are not reflected in the financial statements. Governmental funds obligation for accrued compensated absences is \$676,791, while the Compensated Absences Internal Service Fund has a balance of \$223,813 and the General Fund unassigned fund balance is \$2,344,514 at June 30, 2014.

Project Commitments – At June 30, 2014 the City had committed for the 2014-15 \$300,000 towards the completion of the police department building renovation.

14. Employee Pension and other Benefit Plans

The City of Chickasha participates in three pension or retirement plans:

1. Oklahoma Firefighter’s Pension and Retirement System (OFPRS) – a statewide cost-sharing plan
2. Oklahoma Police Pension and Retirement System (OPPRS) – a statewide cost-sharing plan
3. Oklahoma Municipal Retirement Fund (OMRF) – an agent multiple-employer defined benefit plan

Firefighters’ Retirement Plan – Pursuant to the requirements of Title 11, section 22-102, the City of Chickasha participates in the statewide cost-sharing multi-employer defined benefit plan administered by the Oklahoma Firefighter’s Pension and Retirement System (OFPRS) on behalf of both paid and volunteer firefighters. The City has no responsibility or authority for the operation and administration of the pension program nor has it any related liability, except for the current contribution requirements.

The contribution rates for the City and its employees are established by Statute. The City is required to contribute 14% for the year ended June 30, 2014. Participating members are required to contribute 9%. The

CITY OF CHICKASHA, OKLAHOMA
Notes To Basic Financial Statements
For the Year Ended June 30, 2014

plan is funded by contributions from participants, employers, insurance premium taxes, and state appropriations, as necessary.

The OFPRS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to OFPRS, 4545 N. Lincoln Blvd., Suite 265, Oklahoma City, OK 73105-3414.

Policemen’s Retirement Plan – The City of Chickasha participates in the statewide cost-sharing multi-employer defined benefit plan administered by the Oklahoma Police Pension and Retirement System (OPPRS) on behalf of paid officers. The City has no responsibility or authority for the operation and administration of the pension program nor has it any related liability, except for the current contribution requirements.

The contribution rates for the City and its employees are established by Statute. The City is required to contribute 13% for the year ended June 30, 2014. Participating members are required to contribute 8%. The plan is funded by contributions from participants, employers, insurance premium taxes, and state appropriations, as necessary.

The OPPRS issues a publicly available financial report that includes financial statements. That report may be obtained by writing to OPPRS, 1001 NW 63rd Street, Suite 605, Oklahoma City, OK 73116-7335.

Schedule of Retirement Plan Contributions – OPPRS

<u>Fiscal Year</u>	<u>Required Contribution</u>	<u>Amount Contributed</u>
2010	\$145,721	\$145,721
2011	\$146,159	\$146,159
2012	\$154,769	\$154,769
2013	\$149,773	\$149,773
2014	\$146,634	\$146,634

Municipal Retirement Plan - The City of Chickasha and its employees participate in an agent multiple employer defined benefit pension plan through the Oklahoma Municipal Retirement Fund (OMRF). All regular full time employees, except those covered under another retirement system, are eligible. Employees are vested at 10 years. The City’s OMRF defined benefit pension plan provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries.

The OMRF System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to OMRF, P.O. Box 25848, Oklahoma City, OK 73125 or by calling 1-888-394-6673.

Funding Policy – The contribution requirements of City of Chickasha and employees are established and may be amended by the OMRF board. Employees are required to contribute 4% of their annual covered salary. City of Chickasha is required to contribute at an actuarially determined rate; the rate during fiscal year 2013-2014 was 13.9% of covered payroll.

CITY OF CHICKASHA, OKLAHOMA
Notes To Basic Financial Statements
For the Year Ended June 30, 2014

Annual Pension Cost – For 2013-2014, the City of Chickasha’s annual pension cost of \$365,140.38 for the OMRF plan was equal to the required and actual contributions. The required contribution was determined as part of the March 31, 2014 actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions included (a) 7.5% investment rate of return, (b) projected salary increases due to inflation of 4%, compounded annually (higher for younger employees), and (c) projected salary increases due to age/seniority, compounded annually. Funding requirements may increase in the future as benefits accrue.

Schedule of Retirement Plan Contributions – OMRF Defined Benefit Plan

<u>Fiscal Year</u>	<u>Actuarial Required Contribution</u>	<u>Percentage Contributed</u>	<u>Pension Benefit Obligation</u>
2010	\$237,644	100%	\$0
2011	\$305,917	100%	\$0
2012	\$382,297	100%	\$0
2013	\$376,424	100%	\$0
2014	\$365,140	100%	\$0

Funding Status and Funding Progress – As of January 1, 2014, the most recent actuarial valuation date, the plan was 97.3% funded. As of 1-1/13 the funded percentage was 96%, and as of 1-1-12, the funded percentage was 93.8%. The actuarial accrued liability for benefits was \$14,851,667 and the actuarial value of assets was \$14,444,765, resulting in an unfunded actuarial accrued liability (UAAL) of \$406,902. The covered payroll (total annualized rate of pay as of the valuation date based on actual pay for the preceding year) was \$2,077,479, and the ratio of the UAAL to the covered payroll was 19.6%. The City’s unfunded actuarial accrued liability is being amortized as a level dollar amount on an open basis.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF THE ACCOMPANYING FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Members of the City Council
City of Chickasha, Oklahoma

We have audited audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the accompanying modified cash basis financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Chickasha, Oklahoma, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated February 3, 2015. Our report included an emphasis of matter paragraph on the City's use of the modified cash basis of accounting.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies described in the accompanying Schedule of Findings and Responses that we consider to be significant deficiencies: 14-1, 14-2, and 14-3.

Compliance and Other Matters

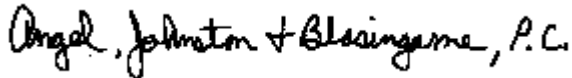

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which are described in the accompanying Schedule of Findings and Responses as items 14-1 and 14-2.

City of Chickasha's Responses to Findings

The City's response to the findings identified in our audit is described in the accompanying Schedule of Findings and Responses. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Chickasha, Oklahoma
February 3, 2015

CITY OF CHICKASHA, OKLAHOMA
Schedule of Findings and Responses
For the Year Ended June 30, 2014

Deficiencies of Internal Control, Compliance and Other Matters

14-1. Criteria – State statutes require all City funds be either insured or collateralized. This insures in case of a banking failure that the City’s funds are fully recoverable.

Condition – At year end the E-911 Fund had \$8,710 that was not collateralized or insured. This is the only account at this financial institution and it has just recently grown to exceed FDIC insurance levels.

Cause – On-going effective procedures for monitoring coverage are not in place.

Effect – City funds were exposed due to lack of coverage.

Recommendation – Establish on-going monitoring procedures for proper cash and investment coverage that includes all bank accounts.

Management response – Staff has in place a monthly collateral report to insure cash and investments are fully covered. Staff will also, put in place an on-going monitoring procedure for all bank accounts that will cover unexpected ACH deposits.

14-2. Criteria – State statutes requires the City to not exceed budgeted expenditures at the department level.

Condition – The City’s expenditures for the Parks & Recreation Department exceeded the budgeted amount by \$7,949 for the department.

Cause – The Sports Complex experienced higher than normal volume.

Effect – The Department exceeded established budget in violation of state statutes.

Recommendation – The City should monitor spending and stay within budgeted amounts or obtain budget adjustments if necessary.

Management response – On June 2, 2014 Mayor and Council approved Resolution No. 2014-08R – Budget Amendment #2 that included \$50,000 to Park and Recreation Department. Staff miscalculated encumbered expenses causing an overage of \$7,949. FY 13-14 was a great year for weather at the Sports Complex but did trigger above normal expenditures in areas of labor and concession supplies. Staff will monitor spending and make budget adjustment as deemed necessary.

14-3. Criteria – All expected income due to the City should be monitored and tracked to avoid potential understatement of income.

Condition – The County sends monthly checks to the City. One month the check was not received and only discovered during the audit. Once the missing check was discovered the City notified the County which issued a replacement check.

Effect – Potential understatement of revenue of \$22,022 (alcoholic beverage tax of \$9,323; tobacco tax of \$10,746 and a special assessment tax of \$1,953).

CITY OF CHICKASHA, OKLAHOMA
Schedule of Findings and Responses
For the Year Ended June 30, 2014

Cause – Procedures have not been established to monitor expected monthly revenue.

Recommendation – Establish and monitor appropriate tracking procedures.

Management response – A spreadsheet for the monthly expected revenue from the County has been put in place to monitor monthly income.

CITY OF CHICKASHA, OKLAHOMA
Disposition of Prior Year Findings
For the Year Ended June 30, 2014

Deficiencies of Internal Control, Compliance and Other Matters

- 13-1. Criteria – The cash and investments are required to be either insured or collateralized. This insures in case of a banking failure that the City’s funds are fully recoverable.

Condition – At yearend the Chickasha Industrial Authority had over \$87,000 that was not collateralized or insured. We also noted the only schedule prepared to monitor proper coverage was prepared at yearend. This schedule contains some errors and did not reveal the shortage of coverage.

Management response – There was one bank that was under collateralized at June 30, 2014.

- 13-2. Criteria – Utility billing needs to have established reconciliation and control procedures over utility adjustments.

Condition – The computer system can produce reconciliation reports, but they are not properly utilized to control the validity of adjustments and collections.

Management response – This was not noted as an issue in the 2013-14 year.

- 13-3. Criteria – Old outstanding checks should be investigated and resolved on a periodic basis.

Condition – At year end there were old outstanding checks in excess of \$10,000.

Disposition – Staff will develop and implement an Action Plan for FY15 to clear these outstanding encumbrances and follow all other ruling of §11-35-102.1 through §11-35-107 cover these types of issues.

- 13-4. Criteria – Time sheets should be signed by employees and a supervisor to verify their appropriateness.

Condition – Neither the employee or a supervisor signs current timesheets.

Disposition – This was not noted as an issue in the 2013-14 year.

- 13-5. Criteria – For income that is not billed by the City there needs to be a system to track to the extent possible its completeness.

Condition – Oil and gas royalties are erratic but by review of the remittance advices production months can be tracked. This is not being done.

Disposition– A spreadsheet for the oil and gas royalties was be created to eliminate the possibility of a check not being received or posted to the General Ledger. However, during the current year it was discovered that one month’s check from the county was not identified as missing.
